TII Group

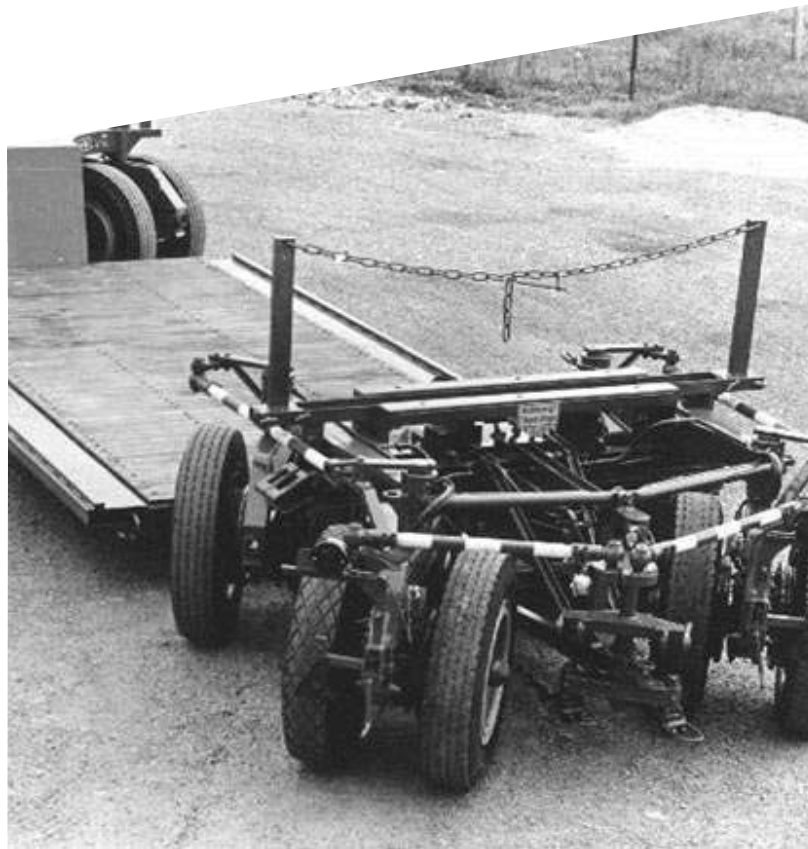

Success stories: starting from scratch

The SCHEUERLE success story starts in 1869 with the acquirement of a forge in Pfedelbach. NICOLAS even began to produce agricultural transport vehicles in 1855. And also KAMAG started the production of heavy-duty transport vehicles in 1969.

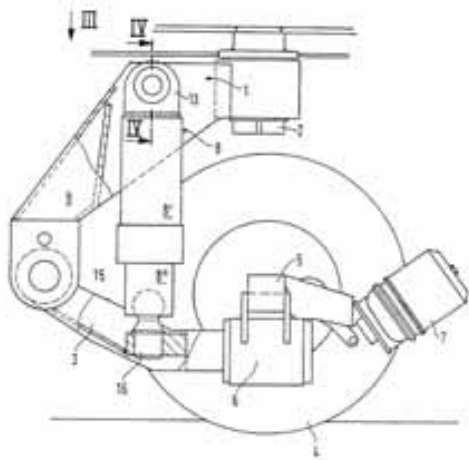

The worldwide operating TII Group with its companies SCHEUERLE, NICOLAS, KAMAG and TIIGER now look back on 358 years of accumulated expertise in the production of heavy-duty transport equipment.
